

Fly with Kenmore Air

Your Day In The Islands

Considered one of the best day trips in the Pacific Northwest! Travel with Kenmore Air, 60 years of flying experience, to the charming seaside village of Friday Harbor on San Juan Island.

We make it so easy. Kenmore Air's seaplane base at 950 Westlake Ave. North on Lake Union is a short taxi ride from any downtown Seattle hotel. Or take the convenient Seattle Streetcar from Westlake Center. Your spectacular flight will bring you to Friday Harbor where your pilot will direct you to our waterfront office for check in. Steps away is the charming village where you can enjoy art galleries and shops, sip a latte or stop for lunch in one of the many restaurants. Board your whale watch vessel at 12:45 pm for a 3-3½ hour adventure with San Juan Safaris on a brand new Coast Guard inspected 55ft. vessel - Sea Lion - fast, fully equipped with a windowed heated cabin, walk-around viewing deck, outdoor covered & open seating. The boat is stocked with a wildlife library, field guides, hydrophone for listening to the whales, extra coats & blankets.

We are known for our high quality, small group experiences and for respectful wildlife viewing with over 95% whale sightings.

Our naturalists personally interact with our guests, interpreting one of the most unique sea environments on earth. Enjoy the thrill of seeing one of the most impressive animals on the planet, the Orca Whale. You may also see Gray Whales, Humpback Whales, Minke Whales, Sea Lions, Seals, Bald Eagles, Otters, Porpoise and rafts of sea birds.
